

## **IAABO University Online Rules Course Opportunity**

We have a new opportunity for your consideration. Our national IAABO office has developed an on-line rules course and test.

Here is how it works:

1. you pay \$50 to our IAABO national office to gain access to the on-line rules course.
2. you review course materials and take the test at your pace. If you have questions about course material during your review period, you contact the Board 6 liaison directly via e-mail or phone.
3. if you pass the on-line test you will be required to pass a criminal background check administered by the CT Interscholastic Athletic Conference (CIAC) and, if you pass that, you will then be required to pass a "floor exam", administered by the Board 8 liaison.
4. if you pass the "floor exam", you are then **required to pay your annual member dues** to IAABO Bd. #8, which will make you an IAABO member. More information about IAABO Bd #8 membership responsibilities will be communicated at that time.
5. you will be required to purchase a referee uniform at our local supplier (estimated cost is \$175 (shirt, pants, shoes, jacket, whistles) and then you will be eligible to be assigned middle school and/or freshman games in your 1st year.

If you have interest in this on-line rules course/test option presented, please respond directly send an e-mail to:

Board 8 Rules Interpreter

Mike Thomas
